Career Focus

- E-Government Solutions
- Public Service ICT Infrastructure
- Application Development Support
- National ICT Policy Implementation

PORTFOLIO

You can view my projects and work samples at: <https://timothymiska-portfolio.netlify.app/>

Sample Projects:

1. **Greenhouse Cafe Website** – Built a responsive web application showcasing products, services, and contact information using **HTML, CSS, and Django**.
2. **ARCHStudio Flutter App** – Developed a multi page architecture design app featuring commercial, residential, landscape, and urban design categories.
3. **Uber-like Flutter App** – Created a ride booking app with location selection, real-time updates, and payment integration.
4. **Smart Pill Dispenser** – Designed a Flutter based medication dispenser system to manage and remind patients of their medicine schedule, improving adherence and reducing errors.
